Education - Labour Schools - Additional articles of equipment - supply - Sanction of - Statement of expenditure sent.

page 3 infra

The statement of expenditure up to 31-3-38 is enclosed. It would show that the limit was not exceeded in the cases of the following four schools

8. Bare Labour School.
11. Boloor Labour School.
50. Kammori Labour School.
54. Souterpeta Labour School.

2. In Bolar (20) and Ichlampadi (23) schools, the excess is negligible.

3. The Labour Schools of (2) Madhur, (3) Kavugoli and (17) Mangalpadi had originally 2 teachers each, though they have only one each at present. The value of useless articles has not been written off after 1931. I am taking steps to write off the value of such articles and to transfer the excess supply, if any, to the reserve stock with a view to their eventual supply to the needy schools.

4. The remaining 9 schools also have unserviceable and worn out articles the value of which has to be written off the accounts. Separate action is being taken in regard to this.

No. A-3. 3368/38.

Station Madras, *Dated the* 19th July 1938.

From (Name) D. N. Strathie Esq., I. C. S.,
(Designation) Commissioner of Labour, Madras.

To The Secretary to the Government of Madras,
DEVELOPMENT Department.
Fort St. George, Madras.

Sir,

In the South Kanara District articles of school furniture and equipment purchased from 1931 onwards which have become unfit for further use have not been condemned and their book value written off from time to time though the Collector has got powers to do so, to an extent of Rs. 25/- per annum for each school -- Vide Article 198 (b) of Madras Financial and Account Code, Volume I, read with item No. 32, Appendix 12 of Madras Financial and Account Code, Volume II.

Instead of adopting this procedure the Collector of South Kanara has been applying every year for sanction

to purchase school equipment as if they were for fresh supply to schools. In some cases the expenditure was sanctioned by me and in other cases which exceeded my powers, Government orders were obtained. This irregular procedure was noticed in March last when as usual the Collector sent his annual application. In this connection, I invite the attention of Government to the copy of the letter No. 5885/37-S-1, dated 1-5-1938 sent with my letter to Government No. A-3. 2058/38 dated 17-5-1938. The Collector's attention was drawn to the irregular procedure followed in his district and he was requested to explain the position. As a result, the Collector has sent up separate proposals in respect of 16 schools for the condemnation of the articles of equipment. A list of such schools ~~and~~ the book value of the articles of equipment proposed for condemnation is sent herewith. As these articles were purchased from the year 1931, they should have become in the ordinary course unserviceable in the previous years and should have been condemned then and there. The Collector, who was asked to regularise the condemnation and replacement, merely makes a general statement that the cases of wear and tear of the articles came to his notice only just now and hence the sanction of Commissioner or the Government is absolutely necessary. I have, therefore, accorded sanctioned for the condemnation of the articles of equipment in respect of schools Nos. 1, 2, 4, 6, 10 and 16 of the list enclosed as it is within my own powers and request that Government may accord sanction for the condemnation of the articles of equipment in respect of schools Nos. 3, 5, 7, 8, 9, 11, 12, 13, 14 and 15 of the list as it exceeds my powers. The Collector reports that the question of replacement will be considered at the time of supply of equipment in the current year.

I have the honour to be,
Sir,
Your most obedient servant,

for Commissioner of Labour.

Station Madras, *Dated the* 25th July 1938.

From (Name) S.V.Ramamurty, Esq., M.A., I.C.S.
(Designation) COMMISSIONER OF LABOUR.

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

Ref: Govt. Memo. No.1981-IV/38-1 Dev. Dept., dated 27-6-38.

In continuation of the Labour Commissioner's letter A-3-2058/38 dated 17-5-38, I have the honour to enclose a copy of the letter No.5885/37-S-1 dated 13-7-1938 from the Collector of South Kanara in reply to the Labour Commissioner's Endt. A-3-2058/38 dated 17-5-38 (copy enclosed). The correct procedure of annual replacement of articles of equipment and books and their condemnation has not been followed by the Collector and had he followed it,

there

10

there would not have been necessity for Government sanction.

The Collector's proposals for condemnation of the articles of equipment and books in cases which exceeded Labour Commissioner's powers were sent to Government in this office letter A-3-3368/38 dated 19-7-1938.

I have the honour to be,

Sir,

Your most obedient servant,

for Commissioner of Labour.

Copy of Endt. on the letter from the Commssioner of Labour, Madras, dated, 17-5-38 to the Secretary to Govt., Dev., Dept., Madras.

--

Copy to the Collector of South Kanara.

His attention is invited to Item No.32 of Appendix 12 of M.F.A.C.Volume II. The Collector has power to order replacement of worn out articles in a school to a limit of Rs.25/- per annum while the Labour Commissioner's power is Rs.50/- per annum. From column (4) of the Statement sent with his letter No.5885/37-3-1 dated 1-5-38 it is seen that in Schools Nos. 2, 6, 13, 17, 20, 47 and 50. the expenditure under the head 'Replacement' up to 31-3-38 since the commencement of the school has not exceeded even the Collector's power of Rs.25/- for one year while in cases of schools Nos. 3, 4, 7, 11, 12, 23, 24, 41 and 64 there has been no expenditure at all under the head. It is not clear how this could be the position while in actual practice articles such as slates, pencils, chalk, rubber slates broken, note books, drawing books, copy books, etc., which are all used up in a year, are replaced next year under the Rs.25/- and Rs.50/- annual limit of sanction for the Collector and the Labour Commissioner respectively even though these articles may be intended for pupils who have either newly joined or who have been promoted to higher classes. Similarly the class text books if any torn by fair wear and tear or lost are also replaced under the same power every year. It is not possible to understand how the Collector's power of annual sanction could have been so sparingly used in these cases. Evidently the cost of replacement has been added on every year to column 3 of the statement under 'initial and additional supply' with the result that the expenditure under 'initial and additional supply' has been made to swell by wrong accounting to such an extent that the Collector's and Labour Commissioner's powers of sanction have been exceeded and the Government had to be approached every

year

Extracts from the note to Go 693 dtd. 17.3.82

Finance (Expr.)

The proposal is to sanction the supply during the current year of articles of equipment required for the labour schools in South Kanara at a cost of Rs.449-14-2. It is stated that the expenditure already incurred on account of equipment for these schools together with the amount now proposed for sanction exceeds the Commissioner's powers of sanction.

P88 of MF&AC Vol II (not printed)

2. Under item 32 of Appendix 12 of the M.F. and A.C., Vol.II, the Commr. of Labour has powers (1) to sanction initial equipment up to Rs.200, for a single teacher school, (2) to sanction additional expenditure upto Rs.100 whenever an additional teacher is appointed, and (3) to incur further expenditure upto Rs.50 p.a. for each school for repairs and replacements of furniture, apparatus, appliances, books and slates. The Commissioner has stated that the expenditure now proposed is required to supply equipment intended for pupils who have either newly joined the schools or who have been promoted to higher classes. Similar sanction was applied for last year and the Development department issued the orders without reference to Finance.

A

3. It is submitted that the limit of expenditure already laid down in the M.F.A.C. seems quite liberal for an elementary school with one or two teachers and it is not apparent why the sanction of Govt. is applied for for exceeding this limit. In the place of new boys who are admitted or promoted to higher classes each year there would be others leaving the school. If the sanction of Govt. is sought on

on the ground that the annual allotment of Rs.50 cannot be used for the purpose mentioned at A above, the proper course would appear to be to enlarge the scope of the expenditure from this allotment to cover the case of purchase of equipment for boys newly admitted or promoted to higher classes. For orders whether, before Finance agree to the proposal, Development may be asked to state whether 'B' above would meet the requirements of the case. If this would meet the case, necessary amendment may be issued to the rules so as to avoid the Labour Commissioner coming up to Government every year for such sanction. In any case this rush of expenditure at the end of the financial year should be discouraged especially as the schools are likely to be closed soon for the summer recess. B.

The draft may be accepted, as a special case. The Dev.Dept. may be requested to consider the question raised above after the issue of the order. An addition may be made to the draft pointing out that expenditure should not be rushed through like this at the end of the year.

Please see Fin. Dept. note extracted at ft 1-2 supra, the T.M. at p 3 supra. and the letter from the C. of L. at ft 9-10 C.F. The Commissioner states that the Collector had not followed the correct procedure ~~regarding the annual~~ prescribed for the annual replacement of articles of equipment and books and their condemnation and that if he had followed the correct procedure in the past, there would have been no necessity for addressing the Govt. in the matter. The Commissioner has also submitted ~~a charge~~ list of Schools and the ~~proposals for~~ ~~condemnation of unserviceable articles~~ book value of the articles of equipment proposed to be condemned and requests that sanction may be accorded for their condemnation. The Commissioners' proposal may be approved. A draft order is submitted for approval. Fin. may see it before issue.

A Series of Collrs of S Canara since 1931 seem to have been blissfully oblivious of their powers for replacement etc.
